Uniform Data System (UDS) Reports in the HRSA EHBs

Accessing Standard UDS Reports
A quick reference sheet for Program Grantees

The Uniform Data System (UDS) is a system through which organizations funded under the Health Center Cluster program (Activity Code H80), administered by the Bureau of Primary Health Care, submit annual performance reports. Health Centers report patient demographics, services provided, staffing, clinical indicators, utilization rates, costs, and revenues.

The HRSA Electronic Handbooks (EHBs) includes reports based on data collected through UDS, as enumerated under the List of Standard UDS Reports below, which are accessed through the UDS reports. To access your UDS reports, follow the steps under Accessing UDS Reports in the HRSA EHB below.
